JEWELRY BUSINESS at Galena and Baxter

Is what I want, and I am ready to give all a fair deal. Leave your watches,
clocks and jewelry at Polster's Drug Store and H. B. MACK, Galena's
leading jeweler, will call three times a week and get same. Remember, I do
more and a larger variety of work than any other jeweler this side of Kansas
City—lifetime experience; store and repair shop at Galena, Kas., corner of
Seventh and Main. Everything repaired and ready for delivery in four days.

MORGAN HANLEY SHOT.

Sunday morning about 1 o'clock
Mrs. Matilda Ross, colored, came in
on the train, and upon going to her
home found Morgan Hanley, colored,
in her bed. Immediately there
was a row and Hanley proceeded to
pound Matilda in a manner contrary
to the laws of the commonwealth
of the state of Kansas. Matilda
thereupon hunted up Justice Ho-
gan and made complaint against
the colored gentleman. The war-
rant was given to Constable Hem-
street to serve and in company with
Marshal Gill they went after Han-
ley. This was about 9:30 o'clock.
Hanley was discovered on a horse
on West Nesho street and when he
saw the officers he proceeded to
"light out." He was commanded
to halt, and failing to do so Hem-
street and Gill opened fire on him.
It was a race, however, Gill firing
three shots and Hemstreet five.
Hanley kept going, and went north
on Lincoln street and west on Sher-
man, finally being overhauled in the
northwest part of town, when it
was discovered that he had been
shot in the calf of the left leg. He
was taken to jail where he was at-
tended to by Dr. C. M. Jones. Mon-
day morning he was arraigned be-
fore Justice Hogan and placed un-
der bond for preliminary hearing
some time next week. Failing to
give bond he was taken to the coun-
ty jail. County Physician Huff-
man searched for the bullet in Han-
ley's leg, but couldn't find it. Dur-
ing this search an old scar was
found on his leg and Hanley said
he had been shot before.
Sheriff Forkner has a letter from
the sheriff of Jasper county, Mis-
souri, saying Hanley is wanted
there, but what for we have been
unable to learn.

TWENTY YEARS OLD.

On Friday evening of last week
Mrs. F. M. Perkins entertained a
number of young people in honor
of her sister, Miss Cora Mullen, the
occasion being Miss Cora's twenti-
eth birthday anniversary. The eve-
ning was spent in the enjoyment of
games, music and social chit-chat
and elegant refreshments were
served. The house was decorated
with autumn decorations and pre-
sented a very attractive appearance.
Those present were Mr. and Mrs.
H. H. Bragg, Mrs. A. W. Mullen,
Mrs. Ira C. Perkins, Misses Jennie
Smith, Pearl McDonald, Myrtle
Wellman, Myrtle Hileman, Marie
Gill, Sallie Haskett of Palestine, Ill.,
Zela Hodgkins, Ruby Tucker, Belle
Rucker, Gertrude Hileman, Mabel Han-
back and Messrs. A. J. Thompson,
Earl Dent, Chas. Polster, George
McDonald, Ed. Fribley, M. J. Conley,
Don Fenton, Murray Perkins, Hal
Hanback and Leonard Hodgkins.

THE ATTORNEYS' FEES.

The attorneys' fees in the late
case of the New England Loan and
Trust Company against the city of
Baxter Springs are very large, \$5,000.
Of this amount \$3,500 is asked by
Perry & Craun and \$1,500 by Mayor
Norton. Now, we say that this is
an outrageous fee, and we don't be-
lieve our taxpayers will tamely
submit to paying any such a sum.
We understand a public meeting
will be called to discuss this mat-
ter. The law relating to the mayor
and councilmen of a city of the
second class reads as follows:

"The compensation of all city of-
ficers, except justice of the peace
and assessor, shall be regulated by
ordinance, but in no case shall the
mayor or any councilman receive
more than one dollar per year for
his service as such, either general
or special, or for his service on
committees or otherwise."

WILL MACDONALD'S CONDITION.
The condition of Willie Macdon-
ald, who was accidentally shot near
Miami on Thursday last week, is
practically the same as it was at
the time of our last issue. He suf-
fers no pain from the wound in his
head, is perfectly rational and takes
nourishment regularly.

H. T. Leeman of Galena had busi-
ness in this city Thursday.

Galena sold lead and zinc ore last
week to the extent of \$40,725.
The value of the output of the
lead and zinc district last week was
\$106,970.

J. W. Edmisten returned this week
from St. Louis, where he went to
purchase goods for his Racket
Store.

Snow fell several places in Kan-
sas Tuesday night and Wednesday,
and Colorado experienced the worst
blizzard in years.

Mr. and Mrs. Jas. Harmon have
moved into the property on East
street formerly occupied by J. W.
Edmisten and family.

Dr. Shriner says the Galena Re-
publican seems to have a good
deal of interest in his practice, and
wants to know "What's it to em?"

Cooper for Hats and Caps

J. W. Edmisten has moved into the
John Archer residence property on
Sheridan avenue. Mr. and Mrs.
Archer have moved to Adair, I. T.

Mine No. 18, at Weir City, belong-
ing to the Kansas and Texas Coal
Company, is on fire and has been
for several days, all efforts to ex-
tinguish the flames being fruitless.

Bob Milne is trying his luck at
feeding cattle again this fall. If we
remember right, his experience last
fall and winter was rather expen-
sive, but we hope he will have bet-
ter luck this time.

Cooper for Shoes.

A good many people living in
this city have said they will leave it
they can sell out. As soon as work
begins on the electric line they can
sell out, and we want them to keep
their word and leave.

The Jim Medicine land four and a
half miles south of town is be-
lieved to be underlaid with rich de-
posits of lead and zinc ores and a
part of it has been leased to W. E.
Johnson of Joplin. Several pros-
pect shafts are sinking and in some
of them nice shines of lead and
zinc have been discovered.

Cooper for Clothes.

Capt. James Hubbard of Tennes-
see Prairie died at the home of his
daughter, Mrs. Henry Ingram, in
Galena last Saturday. Funeral ser-
vices were held Sunday and the re-
mains interred in the Lowell ceme-
tery. Deceased was the father of A.
B. Hubbard of Tennessee Prairie
and was more than 80 years of age.

Some fine specimens of zinc ore
were exhibited in this city the other
day. The specimens came from a
shallow shaft on Benjamin Dar-
den's farm four miles south of
town. The shaft will be sunk deeper
and some drifting will be done.
The specimens shown certainly in-
dicate the existence of a large body
of zinc ore near by and we believe
it will be discovered soon.

Cooper for Yarns.

A farmer writes to an exchange:
Every year I hear of caterpillars
destroying whole orchards, and
there is nothing so easy to dispose
of. I bore a hole in the tree deep
enough to reach the sap, fill it with
sulphur and plug it up. The sap
takes the sulphur to every twig,
and the caterpillars disappear at
once. I have never known a tree to
be injured by it, and have used it
for years.

Fred Bartlett came over from
Cave Springs Tuesday evening. He
has a third interest in one of the
best strikes ever made in the min-
ing district. Zinc ore was struck at
24 feet and up to Tuesday noon had
been penetrated to a depth of 52
feet and there is still good ore in
the bottom. Sinking will be pro-
ceeded until the bottom of the run of
ore is reached. Fred's father also
has a third interest in this strike.

See Cooper for Blankets.

A strange story is in circulation
at Topeka. It is to the effect that
State Treasurer Heflebower went to
three Topeka banks and borrowed
\$100,000 with which to pay state war-
rants presented at his office. He is
to pay interest at the rate of 4 per
cent per annum out of his own
pocket, and he has made this sacri-
fice to preserve the reputation of
the Populist party, which was being
assailed for embezzling the state
treasury and forcing state warrants
to be hawked about the streets. He
is quoted as saying: "So long as I
am state treasurer the credit of
Kansas shall not be discredited, but
I am through with running for of-
fice and shall not be a candidate for
re-election." The Topeka Capital
reports Mr. Heflebower as being
very much opposed to a special ses-
sion of the legislature on the ground
that there will be no money to
pay the expenses and because
there is no need of it anyway.

Remember, we have a large lot of
chattel mortgages, blanks. Also
blank bills of sale.

THE ELECTRIC ROAD.

Encouraging News Regarding the
Electric Railway.

C. W. Daniels, secretary of the
Southeast Kansas Electric Railway
Company, has just received a letter
from the parties who contracted to
build the line, saying: "We expect
to leave Sunday night for the East
and close a deal to build the road."
Of course, some mishap may pre-
vent, but everything in sight points
to the immediate building of the
electric road. The franchisees have
been published and accepted, a
good deal of the right of way se-
cured, and good stiff promises have
been made by bond dealers that the
bonds will be floated.

We do not care to soar too high
in anticipation, but should our pre-
dictions prove true, and the road be
built, old Baxter Springs will be
one of the best cities of the South-
west.

The Frisco and Missouri Pacific
will extend their lines here, our sys-
tem of parks will be made attrac-
tive, water works will be construct-
ed, the ordinance preventing the
sale of buttermilk and sweet cider
repealed, the "law order league" laid
to rest, and a general turning over
of reformers and fossils will result.
Always remember that if you see
it in the NEWS it's so.

OFF FOR SPAINAW.

Next Wednesday morning bright
and early a party composed of the
following gentlemen will start for
Spainaw in the Cherokee nation
where they will enjoy a three weeks'
hunt: W. M. Gill, Ira C. Perkins, F.
M. Perkins, Chas. F. Noble, L. D.
Brewster, Frank Hemstreet, J. B.
Boyer, Kelly Carmichael, J. B. Op-
erman, Dr. I. E. Stryker and A. E.
Carney. John Leach will accom-
pany the party and have charge of
the cuisine. The party has an ele-
gant camp stove which was made
by Will McElhiney, and will have
three tents, all kinds of guns, and
before they get back, will have all
kinds of good times. This party
goes to Spainaw every fall, but
this year three new members have
been added. To give our readers
an idea of what is necessary in the
provision line to supply a party of
this size three weeks we herewith
give an invoice of the commissary
department:

One dozen cans of tomatoes, two
dozen cans of corn, half a dozen
pint jars of Murdock's mustard, 12
pounds of prunes, one bushel of
onions, five bushels of potatoes, 150
pounds of flour, half a pound of
pepper, two sacks of table salt, half
a bushel of coarse salt, one bushel
of beans, twelve boxes of Purity
mince meat, four gallons of coal
oil, one gallon of sorghum, twelve
pounds of dried apples, twelve
pounds of dried peaches, twelve
pounds of dried apricots, twelve
pounds of dried currants, four 25-
ounce cans K. C. baking powder, a
pound of soda, two packages of
yeast, one package Anchor matches,
twenty-four pounds of crackers, six-
teen Lenox soap, eight bars toilet
soap, one gallon of pickles, quarter
of a pound each of cloves, ginger
and cinnamon, one dozen bottles of
Heinz' catsup, one 25-pound pail of
Heinz' salad dressing, one dozen
cans of Heinz' apple butter, two
bottles of Heinz' pepper sauce, one
dozen cans of Eagle condensed
milk, sixteen pounds of Mocha and
Java coffee, fifty pounds of granu-
lated sugar, one case of fresh eggs,
fifty pounds of dry salt bacon, fifty
pounds of pure leaf lard, one sack
of meal, fifteen pounds of raisins,
one gallon of Heinz' vinegar, a 30-
pound tub of butterine.

The above bill of goods was fur-
nished by T. E. Anderson.
No hunting is allowed on Sunday
and although squirrels, quail and
other small game are plentiful, no
killing of such game is allowed ex-
cept close to camp.

"THEY'RE AFTER ME."

W. H. Hornor is committing to
memory the song entitled "They're
After Me," and all because it seems
that way. Within the past six
months about \$1,000 has been stolen
from his safe. William Billie has
been arrested charged with the
deftment, but the end is not yet.
On Monday night of this week
somebody broke into Hornor's of-
fice and attempted to force an en-
trance into his safe. An entrance
to the office was effected by break-
ing the catch on the back window.
Since his heavy loss, however, Mr.
Hornor has changed the combina-
tion on his safe, and the attempt to
enter it Monday night was fruitless.
However, the burglar managed to
mutilate the safe somewhat and
broke the little catch which works
the combination. Hornor was two
days getting his safe open and a
shotgun will be on guard hereafter.

"TRICITY AT WEIR CITY."

Robert Simons, president of the
Pittsburg, Frontenac and Suburban
Railway Company, has asked for a
franchise for an electric line into
Weir City. The line now runs from
Pittsburg to Chicopee, and only
about four miles of road would
have to be built to get into the
business portion of Weir City.
